Preface	239
Tonino Decandia	241
Ricordo di Gaetano Giglia, a cura di STANI GIAMMARINO	251
ALVAREZ W. & SHIMABUKURO D.H. - The geological relationships between Sardinia and Calabria during Alpine and Hercynian times	257
BUTLER R.W.H. - Relationships between the Apennine thrust belt, foredeep and foreland revealed by marine seismic data, offshore Calabria	269
LAGABRIELLE Y. - Mantle exhumation and lithospheric spreading: An historical perspective from investigations in the Oceans and in the Alps-Apennines ophiolites	279
LESLIE A.G. & KRABBENDAM M. - Transverse architecture of the Moine Thrust Belt and Moine Nappe, Northern Highlands, Scotland: new insight on a classic thrust belt	295
PEACOCK D.C.P. - A review of Alpine deformation and stresses in southern England	307
ARGNANI A. - Plate Tectonics and the Boundary between Alps and Apennines	317
BALESTRO G., CADOPPI P., PERRONE G. & TALLONE S. - Tectonic evolution along the Col del Lis-Trana Deformation Zone (internal Western Alps)	331
BARSELLA M., BOSCHERINI A., BOTTI F., MARRONI M., MENEGHINI F., MOTTI A., PALANDRI S. & PANDOLFI L. - Oligocene-Miocene foredeep deposits in the Lake Trasimeno area (Central Italy): insights into the evolution of the Northern Apennines	341
PIANA F., MUSSO A., BERTOK C., D'ATRI A., MARTIRE L., PEROTTI E., VARRONE D. & MARTINOTTI G. - New data on post-Eocene tectonic evolution of the External Ligurian Briançonnais (Western Ligurian Alps)	353
BONCIO P., TINARI D.P., LAVECCHIA G., VISINI F. & MILANA G. - The instrumental seismicity of the Abruzzo Region in Central Italy (1981-2003): Seismotectonic Implications	367
CALAMITA F., ESESTIME P., PALTRINIERI W., SCISCIANI V. & TAVARNELLI E. - Structural inheritance of pre- and syn-orogenic normal faults on the arcuate geometry of Pliocene-Quaternary thrusts: Examples from the Central and Southern Apennine Chain	381
CAPEZZUOLI E., PRIORI S., COSTANTINI E.A.C. & SANDRELLI F. - Stratigraphic and paleopedological aspects from the Middle Pleistocene continental deposits of the southern Valdelsa Basin	395
CARMIGNANI L., SALVINI R. & BONCIANI F. - Did the Nile River flow to the Gulf of Sirt during the late Miocene?	403
CASTELLARIN A. - Basic stratigraphy and tectonics of the Southern Alps around the Giudicarie Lineament (Southern Alps, Italy)	409
CENTAMORE E., ROSSI D. & TAVARNELLI E. - Geometry and kinematics of Triassic-to-Recent structures in the Northern-Central Apennines: a review and an original working hypothesis	419
CRISPINI L., FEDERICO L., CAPPONI G. & SPAGNOLO C. - Late orogenic transpressional tectonics in the «Ligurian Knot»	433
DI STASO A., PERROTTA S., GUERRERA F., PERRONE V. & TRAMONTANA M. - New biostratigraphic and petrographic data from the Poggio Carnaio Sandstone Fm (Val Marecchia Nappe): insights into the tectonic evolution of the Northern Apennines	443
FEDERICO L., CRISPINI L., SCAMBELLURI M. & CAPPONI G. - Exhumation in a fossil subduction channel: an example from the Ligurian Alps	455
GIAMMARINO S., OREZZI S., PIAZZA M. & ROSTI D. - Evidence of syn-sedimentary tectonic activity in the «flysch di Ventimiglia» (Ligurian Alps foredeep basin)	467
GOSSO G. & SPALLA M.I. - Stratigraphy in the continental crust: lithologic and tectonic records	473
LIBERI F. & PILUSO E. - Tectonometamorphic evolution of the ophiolitic sequences from Northern Calabrian Arc	483
MANTOVANI E., VITI M., BABBUCCI D. & TAMBURELLI C. - Geodynamic/tectonic setting in the Italian Region: elements for the choice of the reference model	495

MASSA B. & ZUPPETTA A. - Integrated approach to investigation of active tectonics: an example from the Calore River Fault System, southern Italy	505
MONTOMOLI C., CAROSI R. & PERTUSATI P.C. - Tectonic history of the Monti dell'Uccellina range, Southern Tuscany, Italy	515
OGGIANO G., FUNEDDA A., CARMIGNANI L. & PASCI S. - The Sardinia-Corsica microplate and its role in the Northern Apennine Geodynamics: new insights from the Tertiary intraplate strike-slip tectonics of Sardinia	527
PERRONE G., MORELLI M., CADOPPI P., TALLONE S. & GIARDINO M. - A multidisciplinary approach to the study of the fault network in the internal Cottian Alps (Western Alps)	541
PERTUSATI S. & BUONANNO A. - Structural evolution of a foreland basin succession: the Dauna Unit in the sannio-molise sector of the Southern Apennines	551
PICCARDO G.B. - Geodynamic evolution of the Jurassic Ligurian Tethys viewed from the Mantle perspective	565
PISCOPO D., GATTIGLIO M., SACCHI E. & DESTEFANIS E. - Tectonically-related fluid circulation in the San Casciano dei Bagni-Sarteano area (M. Cetona ridge-Southern Tuscany): a coupled structural and geochemical investigation	575
QUARANTA F., PIAZZA M. & VANNUCCI G. - Climatic and tectonic control on the distribution of the Oligocene reefs of the Tertiary Piedmont Basin (NW Italy)	587
SANI F., BONINI M., FERONI A.C., MAZZARINI F., MORATTI G., MUSUMECI G., CORTI G., IATTA F. & ELLERO A. - Messinian-Early Pliocene crustal shortening along the Tyrrhenian margin of Tuscany, Italy	593
TOSCANI G., BURRATO P., DI BUCCI D., SENO S. & VALENSISE G. - Plio-Quaternary tectonic evolution of the Northern Apennines thrust fronts (Bologna-Ferrara section, Italy): seismotectonic implications	605
