Universiteit Utrecht

Trieste University

Via Weiss, 1, Palazzina C, room C

1. Introduction to structure and tectonics of sedimentary basins
2. Regional case studies for extensional and compressional settings
3. Coupled deep Earth and surface processes

10<sup>th</sup> September (Wednesday): 9:30-13:00 and 14:30-17:00

11<sup>th</sup> September (Thursday): 9:30-13:00 and 14:30-17:00

12<sup>th</sup> September (Friday): 9:30-13:30
